

Bring BYOD Collaboration into Every Room

Yealink MVC-BYOD-Extender can transform Yealink Windows-based conference rooms into multifunctional conference rooms, to bring your own meeting on different video platforms. Simply plug a USB cable into your laptop, run any video software you want to use, and enjoy the immersive meeting experience provided by the audio and video equipment in the conference room. Besides, it provides a minimal deployment, including a network cable and taking 5 minutes to complete the installation and deployment.

Key Features and Benefits

- > Plug and play
- > Simple and flexible deployment
- > Up to 100-meter deployment
